

Verse of the Month Devotional

March

For I am convinced that neither death nor life, neither angels nor demons, neither the present nor the future, nor any powers, neither height nor depth, nor anything else in all creation, will be able to separate us from the love of God that is in Christ Jesus our Lord. Romans 8:38-39

Thoughts on the verse:

When we think about the love of God for a moment, of all it is, all it does, all it means to us, we can know that it is the key to ALL THE THINGS. So if Paul is telling us that NOTHING in this world can keep us from the love of God, how unstoppable are we in Him? The love of God is full of His authority, His might and His power. Love covers sin. Love never fails. Love always wins. So if we hold tight to this promise and we push aside everything that tries to come between us and the love of God, how can we ever go wrong? Darkness can never overtake us, space and time can never span beyond us, and we will never have to be apart from Him if we burn this revelation in our hearts.

Prayer:

Heavenly Father we thank You for Your Word and that it always brings truth and clarity. Thank You for Your promise that nothing can separate us from you. Thank you for Your Word that brings life and peace. Help us to stand in Your love, and remind us of Your Promise that NOTHING can separate us from You. Teach us how to live a life that glorifies You and how to walk in the authority that Your love brings. Help us to see anything that may be keeping us from Your love and give us the strength and wisdom of how to get those things out of our lives. Use us for Your Kingdom and Your glory, in Jesus' name.

Action:

Take a moment to think about what things listed above could be standing in between you and the love of God. Write down any of the things that come to mind as what you struggle with and give them to the Lord in prayer. Throughout the month, when you catch yourself facing those fears again, rehearse these verses until you can feel the love of God once again. Practice your newfound authority like a muscle, and watch it strengthen each time you work on this reframe in your mind.

Notes:
